**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1, 2, 4, 12-16, 28, 32 and 33 are allowed.

***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance:

The references of record do not teach either singularly or in combination at least the limitations "at least one solder ball being attached to one of a substrate contact and a motherboard contact and extending between the one of the substrate contact and the motherboard contact, wherein at least one of at least one substrate contact and motherboard contact is recessed having a semispherical surface which is substantially the same radius as that of the solder ball" in a microelectronic component assembly having a compression mechanism for imparting pressure between the substrate and the motherboard or "a recess defined in a substrate by at least one surface extending into the substrate, a conductive material layered over the recess forming a void there between, wherein the conductive material forms a semispherical surface which substantially conforms to the surface of the solder ball" in a substrate contact structure having a non-reflow electrical contact with a solder ball.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
